## **Inclement Weather**

## ES FA CS 20

Responsible Officer Marc Cutrell Responsible Office Student Services Approving Body Board of Trustees Approval Date 2018-05 Last Revision 2018-05 Re-evaluation Date 2020 Departmental Impact Student Services

## **Policy Statement**

The basic policy of the University is that we do not close for inclement weather. We do so only incases of severe conditions (Ex. Excessive accumulations of snow or ice).

## **Policy Procedures**

A decision will be made as early as possible and recorded on the CU Phone System (Dial 336-725-8344, #5, 336-747-1100, or extension 1100). An email including a weather update will be sent to your Carolina University email address. When major changes occur, weather information will also be posted on the web. When necessary, closings will be announced on appropriate radio and television stations.

If classes are held, faculty members should make every effort to meet with their students. Staff members are expected to report for work as soon as possible. Anyone who concludes that their travel is potentially unsafe has the option to stay at home. Commuting students who cannot travel will be excused.
